**TERMINAL DISCLAIMER UNDER 37 C.F.R. 1.321(b)**

Sir:

I, James C. Edwards, am an attorney of record of the disclaimant, MCNC, and am authorized to execute this disclaimer on behalf of MCNC. The disclaimant, MCNC, having a principal place of business at Research Triangle Park, North Carolina, is the owner of all right, title, and interest in the above-identified application, by Assignment filed 11/23/1999, and recorded at Reel 010416, Frame 0493.

The disclaimant hereby disclaims the terminal part of any patent granted on the above-identified application which would extend beyond the expiration date of the full statutory term of United States Patent No. 6,359,374, issued Mar. 19, 2002, entitled *MINIATURE ELECTRICAL RELAYS USING A PIEZOELECTRIC THIN FILM AS AN ACTUATING ELEMENT*, which patent was assigned to the above-identified disclaimant by an Assignment recorded 11/23/1999, at Reel 010416, Frame 0493.

Disclaimant further agrees that any patent so granted on the above-identified application, which is the subject of this disclaimer, shall be enforceable only for and during such period that the legal title to said patent shall be the same as the legal title to U.S. Patent No. 6,359,374, this agreement to run with any patent granted on the above-identified application and to be binding upon the grantee, its successors, or assigns.

Nothing herein shall be construed as a disclaimer of any terminal part of any patent granted on the above-identified application which is prior to the expiration of the full

statutory term of U.S. Patent No. 6,359,374 in the event that it later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321(a), has all claims canceled by a reexamination certificate, or is otherwise terminated prior to expiration of its statutory term as presently shortened by any terminal disclaimer, except for the separation of legal title stated above.

Respectfully submitted,
